

## Addendum No. 1

### Liquid Polyaluminum Chloride

### Contract No. 0708-249

The following information is by reference incorporated into the bid document for the above referenced project. The bid dates and times remain the same.

We have had several questions about the multiplier that will be used to evaluate bids.

We do not have a multiplier that we can provide. The only work (testing) completed so far was for prequalifying bidders. If we have two bidders that are close in their unit cost proposed we will run full scale plant side by side testing to make the selection.
