RANGE FOR ENGINEER'S ESTIMATE: \$210,000 to \$257,000

SUMMARY

Flood Project Temporary Truck Fill Station

Truckee Meadows Water Authority (TMWA) is accepting sealed bids for all labor, materials, equipment, and incidentals required for the constructing a temporary construction water truck fill station at the end of North Edison Way. The site is currently undeveloped agricultural land. The work will require importing fill to establish grade, installing water and drain pipe, electrical work, concrete and asphalt paving, and fencing of the site.

A DOCUMENT DEPOSIT is required due to Homeland Security issues. TMWA is responsible to ensure that Plans and Specifications are returned after a project is bid. Contractors are required to return the complete plans and specifications to TMWA within thirty (30) days of project bidding.

In an effort to simplify administrative procedures for both TMWA and our contractors, we are instituting a new policy for all future projects. A \$250.00 ("Homeland Security Document Deposit") will be required the first time a contractor bids on a project. The funds will be deposited into a TMWA account. If the plans and specifications are returned to TMWA, the funds will be retained for future projects. Interest will accrue for the period of time the deposit is held. Your deposit and interest are refundable at any time upon written request.

If the plans & specifications are not returned to TMWA, your deposit will be retained by TMWA and you will be required to submit a new deposit for the next project. If you have more than one set of plans that are not returned, TMWA will bill you for the balance at \$250.00 a set and you will not be permitted to bid on future projects until your balance is paid and a new \$250.00 deposit is submitted to TMWA. Be sure to include your company name, phone number, fax number, and address on your check.
